

H.R. 1595, THE STUDENT LOAN  
RELIEF ACT OF 2013

### HON. GENE GREEN

OF TEXAS

IN THE HOUSE OF REPRESENTATIVES

Thursday, June 20, 2013

Mr. GENE GREEN of Texas. Mr. Speaker, I rise today in support of extending the 3.4 interest rate on Stafford Student loans to protect students from seeing their interest rates double on July 1, 2013. As the cost of higher education continues to climb and total student loan debt eclipsed credit card debt for the first time, the consequences of inaction are unacceptable. We need to be making college more affordable for all students, not putting it further out of reach.

As an advanced degree becomes more and more of a requirement for well paying jobs, it is vital that low interest loans be available so that students can access an affordable college education. Approximately 60 percent of students take out loans to attend college and increasing the cost of borrowing will prevent millions from being able to obtain a degree.

H.R. 1595, the Student Loan Relief Act of 2013, is a clean extension that would freeze the 3.4 interest rate on Stafford loans for two years. I urge my colleagues to pass this legislation to prevent a crippling hike in rates and give Congress time to find a true long-term solution to student loans and college affordability that is worthy of our nation's young people.

A strong middle-class, well educated workforce and the opportunity for upward mobility are the building blocks of a thriving economy. To maintain and strengthen each, every student must have the opportunity to pursue higher education, not just the privileged few.

College educated students are the future engine of our country, and anyone who wants to pursue a post-secondary education should have the opportunity to do so without going into crushing debt. I urge my colleagues to stop rates from doubling and extend the current interest rate of 3.4 percent.

### HON. ELIJAH E. CUMMINGS

OF MARYLAND

IN THE HOUSE OF REPRESENTATIVES

Thursday, June 20, 2013

Mr. CUMMINGS. Mr. Speaker, I want to thank the bill's managers for including in this en bloc amendment a provision I submitted to amend the Servicemembers Civil Relief Act.

Under current law, certain disabled veterans, servicemembers and their families are not receiving the critical protection they need. As a result, banks are foreclosing on their homes at the very moment when our heroes most deserve our support.

Our amendment extends foreclosure protections to all servicemembers receiving hostile fire or imminent danger pay, to the surviving spouses of servicemembers killed in the line of duty, and to veterans who become disabled due to service-connected injuries.

Last Congress, I introduced a similar amendment that passed the house with overwhelming bipartisan support.

I ask Members to vote in favor of this amendment.

FEDERAL AGRICULTURE REFORM  
AND RISK MANAGEMENT ACT OF  
2013

SPEECH OF

### HON. BILL PASCRELL, JR.

OF NEW JERSEY

IN THE HOUSE OF REPRESENTATIVES

Tuesday, June 18, 2013

The House in Committee of the Whole House on the state of the Union had under consideration the bill (H.R. 1947) to provide for the reform and continuation of agricultural and other programs of the Department of Agriculture through fiscal year 2018, and for other purposes:

Mr. PASCRELL. Madam Chair, I rise today in opposition to this Farm Bill, H.R. 1947, the Federal Agriculture Reform and Risk Management Act of 2013, due to the unconscionable cuts to the SNAP program, formerly known as food stamps.

Across the country, over 47 million of our fellow Americans depend on the Supplemental Nutrition Assistance Program to put food on their tables each and every day. In my home state of New Jersey alone, SNAP serves over 800,000 individuals. These are our friends, family, and neighbors. An average monthly benefit of \$133.36 per person for recipients in New Jersey amounts to \$1.48 per meal. This does not go very far towards buying nutritious food in a state where the cost of living is high. That's why 90 percent of benefits are redeemed by the third week of the month.

Eighty-three percent of SNAP benefits go to households with children, seniors, or disabled Americans. These are not freeloaders or people trying to game the system; they are our most vulnerable citizens. When the going gets tough, we have a responsibility to ensure that a safety net is in place for them. When our people go hungry, we pay the consequences down the road. Poor nutrition and hunger leads to costly but entirely avoidable health problems. Furthermore, as a former teacher, I know that students who go hungry have trouble focusing in school. We need to ensure that all children have an equal opportunity to excel to keep us competitive in today's global economy.

This bill, however, would take us down the wrong path. It further tightens eligibility requirements for SNAP, cutting \$20.5 billion by kicking about two million people off the program. This bill will also kick 210,000 kids off of school meals, and reduce benefits by an average of \$90 for 850,000 additional households. If we want to reduce the costs of this program, don't cruelly throw people off the roles. Let's create some jobs and as our economic recovery gains steam, SNAP costs will decline as more and more Americans find steady work.

We are the greatest nation on earth. Our Farm Bills are designed to ensure that we can produce food to feed the world. Shouldn't we first ensure that we can provide for our own?
